

Registered Nurse
Full-Time

Position Summary

Reporting to the Director of Clinical Nursing, the Registered Nurse is responsible for the assessment, planning, implementation, and evaluation of care to pediatric, adolescent and adult patients. The registered nurse performs a variety of direct and indirect patient care activities, directs the practice of medical assistant and LPN's, and performs charge nurse responsibilities. The RN is accountable to perform in accordance with the standards set by the American Nurses Association, Massachusetts Board of Registration in Nursing, and the health center's policies and procedures.

Education & Qualification

- Graduate of an accredited school of nursing; BSN preferred.
- Licensed in Massachusetts.
- Adult and/or Pediatric care medical/surgical experience x 2 years.
- 2-3 years of experience preferred.
- Current CPR certification.

Bilingual candidates are highly encouraged to apply
